

## Arcade and Golf All Weekend!

### Hanson Park To Sponsor

### Vegas Nite To Pay Bills

With this year's ski season being shortened by Mother Nature by about five weeks, Hanson Park has found itself, for the second year in a row, ending the season with a financial deficit. Park officials were confident earlier in the season this would be a good year financially for the park, but with the warm weather in early February, the ski traffic and the income it provides dwindled away very rapidly.

In an effort to make up for some of the lost ski revenue, Hanson Park will host a Las Vegas Night at the park on Saturday evening, April 7. Doors will open at 7:00 p.m. and play will continue until 2:00 a.m. The admission price of \$5.00 in advance and \$6.00 at the door includes \$2.00 worth of play chips. Included in the night's activities will be Black Jack, Beat the Dealer, Vantage, and a Wheel of Fortune. The park refreshment bar will be open, however, those who wish refreshments stronger than soft drinks and coffee should plan to B.Y.O.B.

Park Officials would also like to announce that the Arcade and Putter Golf will be open all weekend from 9:00 a.m. until 5:00 p.m. on Saturday and from noon until 5:00 p.m. on Sunday.

### The Grayling Fish Hatchery Needs You

With the advent of trout season, comes a very special time for the Grayling Fish Hatchery. We are about to begin our second year of operation, one in which we hope to see 50,000 tourists pass through our gates by season's end. That should have a very positive effect on the local economy.

Many citizens, businesses, groups and service clubs helped us financially through that first year and we are very grateful.

Once again it appears that we need your financial support for the operation of the fish hatchery. While our admission remains free, the only means we have of raising money is through selling fish feed and your donations.

Won't you help us keep the Grayling Fish Hatchery a viable tourist attraction once again this year? Your tax deductible donation would be greatly appreciated: Grayling Fish Hatchery, Grayling, Mi. 49738.

## Mercy Hospital Lays Off 30 Workers

Grayling Mercy Hospital laid off 30 employees last Friday for an indefinite period. Sister Mary Ellen Howard, administrator, said "We had hoped to avoid lay-offs, but due to the continuing low census and unsuccessful attempts to cut expenses, we simply had no other choice."

Mercy Hospital's administration had tried to cut expenses by asking employees to voluntarily take time off or to use benefit time (vacation or personal days). In some cases, employees were sent home when the workload was down.

The administrator said these programs had been effective, but were only intended as temporary measures. "A more long-term solution must be implemented," she said.

Hospital revenue has dropped over the past few months due to a low number of patients. The hospital is averaging 57 percent occupancy for their 90-bed acute care facility. According to Sister Mary Ellen, there have been some daily highs recorded in the patient census, but the year-to-date

average is below what had been budgeted for.

Robert Rettenmaier, vice president of fiscal services, said the hospital staffed and anticipated expenses for 62 percent occupancy in March and the actual rate was 57 percent. "Consequently, we ran at 5 percent below budget in March, or approximately \$100,000 below anticipated revenue."

"If this were an isolated low period," explained Sister Mary Ellen, "we would not be concerned; however, we are nine months into our fiscal year and the year-to-date average occupancy rate is consistently running 5 to 6 percent below our budget predictions. This means we are approximately \$900,000 below budget in anticipated revenue for the nine month period."

As a further consequence, Mercy Hospital comes under the Prospective Payment System for reimbursement from the government for Medicare patients July 1 of this year. This will result in a decline in patient days for Medicare patients due to built-in incentives placed on hospitals and physicians to be more efficient in ad-

ministering health care.

The Prospective Payment System (PPS) or, payment by Diagnosis Related Groups (DRG) is a Federal government program aimed at reducing cost and increasing efficiency in the Medicare program. PPS is the blueprint for third-party reimbursement to hospitals in the future. In a very short time Medicaid and health insurance companies will be using a similar system to pay hospitals for medical expenses incurred by their customers.

The advent of these sys-

tems will change the environment under which hospitals of the future will operate. There is increasing pressure from the government and the private sector to reduce medical costs throughout the nation.

Sister Mary Ellen said the focus is presently on hospitals, but it will soon spread to other health care providers. She added, "hospitals can no longer staff in anticipation of higher-patient periods. We must adjust our staffing to meet our current needs, and be more flexible in staffing in the

future." She mentioned part-time help as one way of having more staffing flexibility.

"All this will have no effect on the quality of care patients receive at Mercy Hospital," the administrator said. She pointed out there are currently many programs underway to increase quality care such as physician recruiting and incentives for nurses to acquire advanced degrees. "No registered nurses have been laid off at the hospital, and we expect to continue supporting our LPN's who are

working on RN degrees," she added.

Mercy Hospital is sensitive to the impact the lay-offs will have on the employees and on the community. Sister Mary Ellen said she hoped the reductions would be temporary and that some of the employees would be called back. However, in the mean time, the hospital is working on offering employment services to laid-off employees to assist them in acquiring other jobs and dealing with the difficult times ahead, she said.

## Other Hospitals Feel \$\$ Crunch

By Jon Thompson

Mercy Hospital's money problems are not a rare illness in northern Michigan. In fact, the problem seems to be highly contagious.

January 1st Northern Michigan Hospitals in Petoskey laid off 50 employees according to Ted Townsend, public relations manager. He said the change in the federal Medicare system was the main reason for the lay-offs and no more pink slips were being planned there.

Kalkaska Memorial Health Center is also issuing some lay-offs — the exact number is not available yet. Otsego Memorial hasn't had any lay-offs but administrator Robert Kemp said the 12-hospital group they belong to is experiencing pockets of lay-offs.

Kemp said the number of patients at Otsego this winter is not as high as previous winters but not so low as to warrant lay-offs. He cited a combination of factors for a drop in patients across northern Michigan. Many people on unemployment have simply run out of their Blue Cross benefits, he said. These people and others having financial problems are holding off on elective surgery. Kemp also said the number of seniors in the north that went to Florida this winter seemed to be higher than in previous years.

## Bank President and Former Car Dealer Face Charges Here

The president of the Grayling State Bank and a former Grayling auto dealer have been charged with forgery in connection with a \$190,000 Small Business Administration loan in 1980 for the auto dealership.

John H. Alef, 60, of Grayling, president of Grayling State Bank for the last 28 years, and Michael A. DiPonio, 39, of Grayling, former owner of a Lincoln, Ford, and Mercury dealership in Grayling have been charged with one count each

of forgery and uttering and publishing.

DiPonio was arraigned Thursday before Judge Joel I. Mills, who was assigned the case after 83rd District Court Judge Francis L. Walsh disqualified himself.

Alef was arraigned Tuesday, March 27, before Mills. Otsego County Prosecutor James Cotant was appointed to the case in March, 1983, to investigate a forgery allegation connected with a \$190,000 Small Business Administration loan.

## County Approves Rental Program

The Crawford County Board of Commissioners approved using county Housing and Urban Development grant money for a rental rehabilitation program.

Randy Thompson, director of the county housing commission, said the program is designed to upgrade the condition of rental units used by low and middle-income families in the county. The project is also expected to increase the number of good rental units available by converting some existing structures that are no longer best used as a single family residence.

The program, using about \$55,000 of HUD money, will provide no-interest loans for half of the total cost of renovation work. The rental property owner must match the loan amount, which can range from a minimum of \$1,000 to \$5,000.

Thompson said the purpose of the project is to improve rental conditions here without increasing rent costs. The no-interest loans provide incentive to improve units but decrease the need to increase rent to cover

costs. For more information, call the Crawford County Housing Commission at 348-2841.

In other county commission action at their regular meeting Thursday,

March 29, the board voted 6-0 to keep the Crawford County Prosecutor position part-time. Commissioner John Miller said the county can't afford a full-time prosecutor.

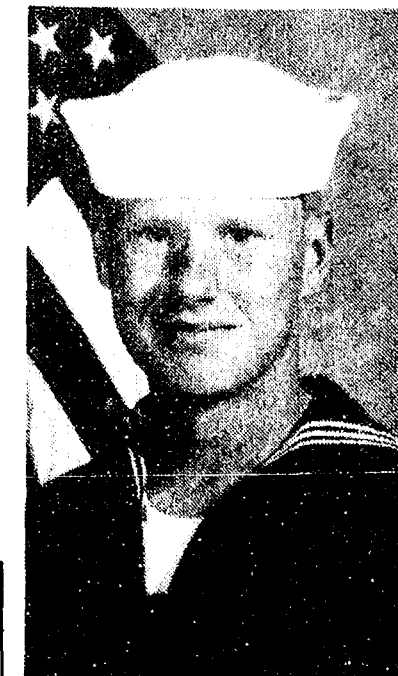

"A full-time prosecutor would cost us at least \$60,000 and that still wouldn't guarantee we'll get an experienced lawyer," Miller said.

"A \$60,000-a-year position would probably only attract young kids just out of law school," Miller said.

"What would be wrong with that?" Commissioner

## Local Man on "Big J" Off Coast of Beirut

Donald Bancroft

E1 Mess Specialist Donald A. Bancroft, Jr., of Grayling, is one of 1500 men constantly on alert for attack aboard the USS New Jersey off the coast of Lebanon.

Bancroft left for Lebanon March 12 for assignment aboard the "Big J" - the world's largest battleship.

The big ship is currently cruising off the coast near Beirut always changing speed and direction to discourage an attack. At night the ship cruises without running lights. The crew is briefed daily for possible attack.

Bancroft's parents, Don and Carol Bancroft, said they are waiting for his first letter home since he left for

Lebanon two weeks ago.

"Though we may not feel so at ease with the situation in Lebanon, we do feel proud and honored to have our son

**Kirtland Receives Swiss Panorama**

The Kirtland Community College Library has purchased a copy of Swiss Panorama, by Emil Schultess, for its collection. This purchase was made possible by a gift from Mrs. Morley Warren of Higgins Lake in memory of the late Mary Hildegarde Heath, a former summer resident of Higgins Lake.

Stuart E. Lawrence, Director of the Kirtland Community College Library, in announcing the acquisition, indicated that such gifts are used to purchase books of outstanding merit, normally beyond the means of the college library.

Swiss Panorama is a book of magnificent visual impact. Six double gatefold photos open to a width of four feet. A score of other photos are twenty-six inches wide, double page, and many three page spreads are also included. The clarity, color, composition, and lack of distortion are astounding. Villages, cities, and countryside are included, as well as spectacular Alpine shots. A unique panoramic camera suspended from a helicopter was employed by world-renowned photographer Schulthess. It is called 360 degree aerial photography, but only a handful are a full 360 degrees; the others vary from 160 degrees up. Each panorama is introduced by a detailed map showing camera position and range, and a reduced photo labeled with physical features and landmarks for reference.

This book will be available for inspection at the Library during its regular hours - 8 a.m. to 10 p.m., Monday thru Thursday; 8 a.m. to 4:30 p.m. on Friday, and 1 p.m. to 5 p.m. on Sunday.

## U of M's Women's Glee Club At Kirtland April 8th

The Kirtland College Performing Artist Series presents the University of Michigan Women's Glee Club on Sunday, April 8th at 3 p.m. in the Kirtland Auditorium.

Sponsored by the School of Music, the Glee Club's membership is not composed of music students. Instead, it encompasses women with a wide variety of majors, who share a common enthusiasm for music and a desire to perform.

A U of M tradition, absent from the campus for several decades, the Women's Glee Club was reinstituted in 1976 to provide non-music majors an opportunity to sing. The group has grown steadily to its current 70 members, and is now a common sight around the University. The women also perform at other Michigan universities and alumni functions, with their performances enthusiastically received.

Under the direction of Rosalie Edwards (BM, MM), an Ann Arbor musician and teacher, the Women's Glee Club sings a combination of classics, spirituals, and contemporary popular songs, and

## Tigercats Place 2nd In State

The Northland Tigercats fell two points short of capturing their first ever State Special Olympics Basketball title. The Tigercats "C" team, composed of special education students from Grayling High School, Houghton Lake Schools, and the C.O.O.R. program fell in the Division 8AA championship game to Wayne-Westland by a score of 28 to 24. The tournament was held at East Grand Rapids High School on March 30 and 31.

In the semi-final round, the Northland squad earned a hard fought 27 to 26 overtime victory over Bay County. Chris Whaley, a Grayling High student, provided the winning margin by sinking a free throw in the extra period. Whaley's classmate, Geanine Ritter, led the squad in rebounding.

Their second place finish earned the squad Silver Medals and put their season ending mark at 5 wins - 3 losses. The teams trip to the state event was sponsored by the Area 4 - Northland Special Olympics Committee.

Crawford County Prosecutor John Huss and Assistant Prosecutor David Sabin have disqualified themselves because they are acquainted with the defendants.

The charges stem from a document attached to the SBA loan papers with a signature of the previous owner of the auto dealership okaying the transfer of a land contract. A State Police Detective says the signature of the previous owner, William Hart, was cut from another document and placed on the transfer agreement.

A news release from Grayling State Bank dated March 26 said Alef, who has worked at the bank for 33 years, "will plead not guilty to the charges and welcomes a chance to present the facts in a public court to establish his innocence."

At the recommendation of his attorney, Alef will take a voluntary leave of absence from the bank until the matter is resolved.

### Toxic Site Cleanup Given \$9.5 Million Allocation

Warren M. Hoyt, Executive Director, MPA

In recommendations recently sent to the Legislature, Governor James Blanchard is targeting \$9.5 million to take care of immediate health problems at 108 toxic waste sites and another \$10.7 million for long-term evaluation of problems at 27 sites.

The cleanup recommendations, which include \$750,000 as a contingency for immediate action at newly discovered sites, cover about half the sites given preliminary environmental/health risk rankings last fall.

The program, operated separately from the U.S. Superfund activities to clean up hazardous sites, was authorized by the 1982 Environmental Response Act.

The total number of sites covered by the \$21 million to be spent during this and next fiscal years is 117, with some in line both for immediate action long-term evaluation.

The immediate action to address health hazards includes providing alternative water supplies at 79 sites, fencing or otherwise limiting access to 21 sites and removing some exposed hazardous materials at 13 sites.

The 108 sites slated for immediate action include every one which state officials determined posed health risks.

Battle Creek's Verona area, involving chemical contamination to municipal and residential wells for 40,000 persons, tops the list for action, with the governor's recommendations calling for \$154,000 for immediate activities such as providing alternative water and \$269,000 for environmental studies.

The Steven's landfill in Monroe County, which was the highest-ranked site in the preliminary list released last fall, is the second-ranked site now, but still with one of the highest recommended spending levels of any site - \$1.4 million.

Immediate actions would include \$385,000 for fencing and surface

removal of wastes and \$995,000 for geologic investigations evaluation of site characteristics, environmental studies and a feasibility study.

The largest amount recommended for any one site is the \$2.8 million for residential wells at Niles contaminated with TCE and other organics.

The bulk of the funds, \$1.7 million, would go for alternative water supplies with the rest for further studies on how to deal with the contamination.

The ranking of state sites targeted for clean-up, places emphasis on the current condition of the waste sites, risks to human health, an assessment of all environmental contamination rather than just hazardous waste as under the Superfund, and its assessment of danger of direct contact or risk of explosion and fire.

Thus the highest ranked state site receiving Superfund money, Berlin and Farro's chemical dump in Genesee County, is 16th on the state list for action, with \$600,000 recommended for removing soils contaminated with C-56.

**Low Level Radioactive Waste Commission Formed**  
The Midwest Low Level Radioactive Waste Commission was formally constituted. The commission, which includes Michigan, is a first step towards a formed interstate compact that will help develop a regional plan for safe and efficient management of low-level radioactive waste generated in the area.

The commission became formally constituted when Missouri became the fifth state to join.

Other current members are Indiana, Iowa, Minnesota. There are 11 other states eligible to join the commission which have until July 1 to take advantage of automatic eligibility into the organization.

The commission cannot become an interstate compact until approval is granted by Congress. Michigan's authority to joining the commission stems from a 1982 law.

## A Bit of History

Looking over some of my historical papers I came across the following.

Petition for a South Side School, Sept. 11, 1911. Gentlemen: Realizing as all must, who have given the matter attention, that the kindergarten department and lower grades of our public schools are overcrowded in the present condition and realizing yet more carefully that it is practically impossible for the children in those grades to attend the school regularly during the winter months on account of the distance from the school, and often impassible streets.

We, the undersigned citizens and taxpayers of the district respectfully petition your Honorable Board to give the above statement full consideration and so arrange that a ward school may be held on the south side of the river for such pupils of the lower grades, who otherwise will largely be deprived of school privileges for the winter.

It is understood that a small church in this part of the village may be rented, so that no great outlay of money would be required, simply the expense of rent, teachers salary and fuel.

No school for the South Side October 19, 1911

Small attendance at the Special School Meeting last Friday evening. A special school meeting was held last Friday evening in the high school room for the purpose of bringing before the people a petition submitted by the taxpayers from the south side of the river. The petitioners asked that a school be established in that locality for the school year of 1911-12. Cost of renting the church estimated from \$120.00 and up. Janitor and teacher had to be hired bringing cost to about \$800.00. Project might greatly retard the erection of a permanent school building for the south side.

25 people present mostly from the south side. Ballots counted. Two in favor and 23 opposed.

New School for South Side Opened Monday, November 13, 1913

The long hoped for school building for the patrons and pupils, living on the south side of the river, is finished and its doors were opened to the pupils on Monday morning.

### Dispositions From Circuit Court

The following appeared before the Honorable William A. Porter.

Jeff Ashton of Grayling, was sentenced on a charge of Aggravated Assault. He received 6 months in the County Jail with 5 days credit for time served. He must also pay costs of \$400.00 and fines of \$50.00.

Roko Bajaj of Pontiac, was sentenced on a charge of Larceny with safe damage. He received 5 to 15 years in the Michigan Department of Corrections.

Randy Brookshire of Flint, was sentenced on a charge of Non-Sufficient Funds Check over \$50.00. He received 10 months in the County Jail with credit for 119 days served.

Michael David McKay of Beaverton, was sentenced on a charge of Assault with Intent Less Than Murder. He received 6 years 8 months to 10 years in the Dept. of Corrections with credit for 235 days served.

ing of this week, November 10. Miss Lousie Trevegno will teach the 3rd and 4th grades and Miss Ciella Clark the 1st and 2nd.

The school has a capacity of about 100 pupils and at present there are about 90 enrolled and several more pupils are expected to enter during the school year.

I started attending this school in the fall of 1914. As I recall each teacher had about 50 pupils in her room. One must remember these were divided grades. What a difference in the pupil-teacher ratio at that time and the present. Evidently teachers unions were unheard of.

## From Our Corner...

I hope our readers find us back here on page 9, we had to move out of our regular spot in your favorite newspaper to make room for Laurine's double truck this week...like we have mentioned before, the ol' fella will move to any page, any time to accommodate a full page ad...Laurine's \$50 gift certificate drawing coupon can be found on page 8 in this week's issue, the 2 ads didn't have room for the coupons that continue until Easter...

We are behind the eight ball this week...we hadn't been to Traverse since New Year's weekend so decided to take the weekend off and spend it with John, Toni, T.J. and Stefany and in so doing here we are Monday morning trying to get this turkey filled up with a hundred other things on our mind that we should be doing in getting this week's issue to press by Wednesday morning...like we mentioned last week, it is a lot easier if we can have about half of our corner finished on Sunday afternoon...this week we would settle if we had just a portion done...Rena grumbled last week because she said we were too windy, this week should make amends the way it is shaping up right now...

The Grayling Youth Booster Club's annual Swiss Steak dinner is scheduled for this Saturday night at Patty's Country House from 4:30 till 8:30...by attending you help the Booster Club help the several youth programs in the county that they have been contributing to...

We received a short note from Spike MacNeven who spends his winter time in Mesa, Arizona...we were going to run it as a Letter to the Editor but, seeing as how he mentions our turkey we're going to let him help fill this bird for this week...

Thursday the 29th. of March

Dear Whitey,  
From the turkey of Thursday, March 22nd.  
I am sorry that you were not on vacation in Nevada, but the rest of us 36,328 people in the valley of the sun from Michigan have had a wonderful winter. As of today I have had the air cond. on for three weeks, and counting the days I can fly back to Michigan.

Like the retired rail man has always told me. Spike there are some things we don't talk about.

I am sure glad Thelma is back, and going strong also that you are back to playing weight. No orange pop. Out here we have our happy hour flags flying at four p.m. from there we all go out to eat. (No place like home), but not like Grayling.

Now like you say. Today at two thirty temp. 88°, and they say 95° for Friday. (Nice)

I was sure glad for winter sports this year. When you think that only four couples started that thing out in 1924 at Collens Hill, the first in Michigan.

Well Whitey I am glad to be here in Arizona with this nice weather, but you have Mr. America with you. (McIsaac). You are better off.

The Best, Spike

If our weather is any indication of what is to come, it appears we are through with winter...these storms they are having in the east and southeastern states they can have...we'll take our winter time blizzards and sub-zero weather, the other parts of the United States can have their tornadoes...which we should mention here, Michigan is also prone for tornadoes and we are coming into that time of year, so take heed and be on the look out for them...

If you have gambling in your blood, this Saturday night when you finish the swiss steak dinner you can travel out to Hanson Hills Park and take in Las Vegas Night sponsored by the Grayling Recreational Authority. Proceeds go to park operation...

This takes care of this week's turkey, so we will bid T.J., Stefany and Amber goodnight...and to all of our readers have a nice weekend, spring is upon us...

## The Bible Speaks

From Calvary Baptist Church

### ABORTION-Infanticide-Euthanasia

Some of us predicted that legal abortion would lead to infanticide. All of you remember "Baby Doe" who was legally permitted to die of starvation. This was done in spite of the fact that corrective surgery was possible, and at least 10 couples offered to adopt the baby. Only 9 short years after legalized abortion, we observed legalized infanticide. How long will it be before we have our first case of euthanasia sanctioned by the courts?

Did you know that New York's highest court has ruled that the New York State Legislature must decide which human beings are actually persons who are entitled to live? Humanism has brought us to the point we can no longer be assured law will protect and honor innocent life. As the Social Security program and our medical programs become more and more bogged down, the day may not be far off when voluntary euthanasia will be legalized and even encouraged among the aged.

In California, the Supreme Court ruled that a child could sue for being born. The courts required a Sacramento Hospital to pay \$900,000 in damages for not informing the parents of possible brain damage so they could have

aborted the baby. Can you imagine a hospital being forced to pay parents nearly a million dollars for saving their baby's life, because they would have killed it?

Did you know that the Attorney General of Delaware issued an opinion that a doctor who had failed to kill 2 babies by salt poisoning in an abortion attempt, could be sued for criminal malpractice? This is certainly the irony of Humanistic values.

The only lives precious to most Humanists are their own lives, the lives of violent criminals, Communists of all kinds, and perverts in general. That is why they oppose Capital Punishment, warfare which injures or kills Communists or revolutionaries, and any violation of the lifestyle of moral perverts.

Only God and the Bible can save us from the Humanists. "...Jesus said, Thou shalt do no murder..." Matt 19:18. (adv.)

### Special Program Series

Mon., April 9, 1:30 p.m. Today Cheryl Melroy, Mercy Hospital dietician, will talk to us on the importance of taking a calcium supplement as a preventive measure. Osteoporosis is the slowing down of the normal process of bone-cell replacement and calcium is critical in our later years to off-set this condition.

Since the Senior Citizen's health needs can be quite different from their younger counterparts, we strongly urge those over fifty-five to attend our monthly series programs on good nutrition. Watch the bulletins and news releases for the dates when these are scheduled.

Cheryl will meet with us in the main dining room at the Center at 308 Lawndale St. Further information regarding this series of educational and informative presentations for your benefit is available by calling 348-9314.

Thurs., April 12, 5:30 p.m. "Ophthalmology", Jane Kennedy Surgical Consultant to Dr. Lawrence Castleman, Ophthalmologist, of the Michigan Cataract Institute in Southgate. Ms. Kennedy is a professional speaker with a slide presentation explaining glaucoma, cataracts, diabetes and senile macular degeneration. Special filtering sunglasses and other materials will be given to each member of the audience free of charge. Come and learn what you can do to prevent eye disease.

Come for dinner at 5:00 p.m. and stay for the program. Please call 348-9314 for dinner reservations. There is no charge for either of these programs, held at the Senior Citizens Center, 308 Lawndale in Grayling.

## Bar Owners Sponsor Seminars To Reduce Drunk Driving

The first Techniques of Alcohol Management (TAM) seminar in the Grayling area will be held April 10 at the Holiday Inn at 2850 I-75 Business Loop in Grayling, to teach local bar employees how to prevent drunk driving and problems associated with abusive drinking.

Sponsored by the Michigan Licensed Beverage Association (MLBA), the program is the first of its kind in the nation. Participants attend an eight hour seminar in which they are trained to recognize the signs of intoxication and are taught their moral and legal responsibility regarding service of alcoholic beverages.

"Our goal is to promote responsible drinking behavior," said Rod Brown, executive director of the MLBA. "TAM is a positive, preventive approach to the tragic problem of drunk driving."

TAM seminars are being held around the state to educate as many liquor licen-

sees and their personnel as possible. The MLBA's goal is to train 15,000 employees in 1984.

TAM is funded by the MLBA and a \$50,000 federal grant made available by the Office of Highway Safety Planning. Other groups involved in the development of the program are the Association of Chiefs of Police, the Michigan Liquor Control Commission, the Michigan Sheriffs' Association, the Michigan State Police and the Office of Substance Abuse Services.

The MLBA represents 2,800 bar and party store owners, restaurateurs and hotel and motel operators throughout the state.

Michigan licensees and their employees may register for the TAM seminar by calling 1-800-643-6722. Cost is \$15.00 per person. The seminar begins at 10:00 a.m.

Seminars are also being held on April 9 at DeCarlo's Birch Pointe Country Club at 7071 Artesia in St. Helen, and on April 11 at the Hidden Valley Resort on M-32 East in Gaylord. All seminars begin at 10:00 a.m.

## Senior Citizen Homemaker Services

We are receiving the love-liest letters from our clients commending our homemakers on their services, friendliness & personalities. We are all so pleased and proud that the Homemaker Services Program is so expressed and appreciated. We would like to thank all of you thoughtful people for your donations and beautiful letters. They are all very gratefully received and appreciated.

Homemakers Services are available to Crawford County residents 60 years of age or older who are handicapped. Handicapped is defined as the inability to perform daily household tasks. There are no income requirements for this service. However we do accept donations if you are able to pay. The donations allow us to do services for more people.

Goals of Homemaker Services are to provide an alternative to institutional care (Nursing Home or Foster Care) to allow for shorter hospital stays or to remain at home in the event of illness or accident; to reduce isolation; to encourage family care whenever possible; and to provide a link with other community services, to better enable the client to maintain independence.

The services consist of light housekeeping, dusting, vacuuming, meal preparation, washing dishes, light laundry, occasional reading to clients who can't see, and transportation and escort services if needed. Of course if you are able to ride Dial-A-Ride please do so as it is much less expensive.

We now have a new homemaker (Linda Northrup), therefore we now have a few appointment dates open. If you need any of our services or know of anyone that needs any of our services, please call the Senior Citizen Center at 348-9314 or come in and see us at 308 Lawndale.

### The First Grade Plant Adventure

Mrs. Larson's first grade class has been working on plants. They learned that a seed has roots and a stem inside of it. The roots grow down because of gravity and the stem grows up because it is reaching for the sun. Also inside of a seed is food to help the stem grow. By Heather Garnett & Shannon Hinds, 5th grade.

Mr. Hatfield's class is learning about money. First, Mr. Hatfield showed his class how to figure out money problems. Then his class worked in money labs. Mr. Hatfield had his class cut out play money so they could work out the problems easier. By Karen Febey, 4th grade.

To The Editor  
Crawford Co. Avalanche  
Grayling, Mi. 49738

Dear Whitey,  
An article written in the Detroit News on 3-24-84 made reference to Detroit Suburban police departments complaining that there is intervention by the Wayne County Sheriffs Patrol into their respective jurisdictional areas; this causing an overlap of authority.

The reason for the problem seems to be that the State has given the Wayne County Sheriffs Patrol a sizeable grant and the department can now release many men for street duty due to the newfound revenues.

Meanwhile in Crawford County, each year we host thousands of outstate and downstate national and state guards making our own sheriffs department responsibilities nearly intolerable.

So — where is our State grant? Or do Crawford County Taxpayers keep footing the bill?

Let's write to our Governor and Congressmen.

Sincerely,

## Volunteers On The Go!

Myrtle Graham, one of our school volunteers works every Tuesday, all day at the Grayling High School library.

Myrtle keeps very busy with book binding and repair. She also cuts articles out for the students reference and research files.

To her credits as a volunteer she has 15 years as Chairperson of the Michigan Cancer Foundation; helped with Girl Scouts, been previously associated with Autobon Clubs. She has been with RSVP for 5 years and during the summer months she works in the Bookstore at Hartwick Pines.

Among her hobbies is being an avid reader, loves all kinds of baking, and enjoys organic gardening.

When asked why she likes to be a volunteer she said it helps her as much as she is helping others. She says she wouldn't be doing it unless she enjoyed it.

Thanks Myrtle for your many years of volunteer service not only for our school program but also for other community groups.

Anyone interested in more information on the Crawford AuSable Schools Volunteer Program, please call Mrs. Wolf at 348-7641 ext. 52.

The March 13, 1984 Meeting of the County Board of Commissioners convened at 9:30 a.m. with all Commissioners present, except Mattis. Mattis arrived at 9:45 a.m.; and twenty one visitors attended at various times.

## IN FORMAL ACTION, THE BOARD:

—Approved the Feb. 23rd minutes as presented.

—Acknowledged and accepted 29 pieces of correspondence.

—Approved payment of General Fund Vouchers in the amount of \$42,223.27, Fish Hatchery bills totalling \$186.87 and commissioners' salary, per diem and expenses respectively as follows: Kitchen - \$200.00, \$140.00 and none, Harland - \$150.00, \$260.00 and \$110.95, Neilson - \$150.00, \$320.00 and \$60.72, Mattis - \$150.00, \$190.00 and \$57.56, Welser - \$150.00, \$130.00 and \$4.62, Miller - \$450.00, \$310.00 and \$92.40, Joyce - \$150.00, \$430.00 and \$216.67.

—Approved a \$45.00 registration fee for Kitchen to attend a Solid Waste Seminar.

—Delayed consideration of an Attorney General's Opinion relative to easements across railroad right of ways pending further investigation.

—Authorized execution of the 1984 Special Use Permit with the DNR for the Fish Hatchery.

—Authorized the Sheriff to spend up to \$15 thousand on patrol vehicles from the State Auction, if the vehicles are suitable.

—Granted ten days pay in lieu of vacation to a deputy sheriff.

—Approved hiring of two part-time employees for the Marine Program to cover the period from May 1st through Labor Day, 1984.

—Authorized the Sheriff to fill a vacant corrections officer position.

—Moved to request that Roscommon County transfer one year eight months past service of the probation officer from their account under the Municipal Employees Retirement System to Crawford's account.

—Supported two Grand Traverse County Resolutions. The first urged the Legislature to reinstate the Sheriff's Secondary Road Patrol Budget at its full level of funding; the other supported removing the single cell occupancy restriction on newly constructed jails.

—Adopted a resolution petitioning the Legislature to amend the Michigan Lobbying Law as it pertains to local government.

—Adopted a resolution permitting salaried County Library employees to participate in the Michigan Municipal Employees Retirement System at a zero percent contribution by employees.

—Moved to request the Grayling and Frederic Postal Services and the Road Commission to proceed with initiating the Consumer's Power Company numbering system.

REPORTS AND ANNOUNCEMENTS:

—The Mental Health District reorganized; and Judy Coffey of Wexford County is the Chairperson.

—The Transportation Authority has developed an employee policy manual and organization chart. The audit is near completion; and a report will follow.

—A MAC meeting to discuss solid waste incineration, alternative energy sources, the railroad spur feasibility study and availability of land is scheduled for 11:00 a.m. April 16th at the K of C Hall. On hand will be representatives from the DNR, Military, State House of Representatives and Senate, Congress and NEMCOG.

—Programs and the budget of the Health Dept. were reviewed with Jack Cinco, Dept. Director. Over forty programs are offered in Crawford by the District, which receives 4% of our county budget. The Department cut \$20 thousand from its 1984 budget, \$11,700.00 of which was earmarked to cover Crawford's shortfall in appropriation. The funding formula for the Health Dept. is computed on population and state equalized value of the four participating counties. Only two of the four counties approved 1984 appropriation as requested. Crawford is still funding at the 1983 level. The Dept. is pursuing the JOBS Bill for high risk children.

—The Sheriff reported on personnel shortages, and the impact of the hiring freeze on his operation. A corrections officer resigned; and the Undersheriff has chosen to return to his former position in the Command Unit. Statute requires that another Undersheriff be appointed. The availability of a \$9,100.00 Marine Safety Grant was reviewed; and it was reported that no assistance has been received from Mercy Hospital relative to ambulance billing procedures.

—Fred Schaibly, Lovells Township Supervisor, inquired about the County's micro-computer system for payroll and accounting; and expressed interest in expanding its capabilities to accommodate tax rolls and assessments for the townships. Such an expansion of the program would cost approximately \$11 thousand.

—Howard Taylor, Manager of the Grayling Recreation Authority, secured a consensus from the Board that a millage proposal for recreation should be placed on the ballot at the August Primary. A study committee was appointed to determine which parks in the County should be included; and the amount of millage to be requested.

—Randy Thompson, HUD Director, discussed the pre-application for the DNR Land and Conservation Fund Grant for the Wakeley Bridge site. It was decided that he should delay the pre-application until it was determined whether Wakeley Bridge Park would be included under any recreation millage proposal.

—Beverly Cuthbert, DSS Director, briefed the Board on the present DSS Hospitalization Program, which covers life-threatening situations only. DSS is considering expanding the program to include situations in which permanent damage would result without treatment. Broadening the coverage could result in the County being liable for the difference between what medical pays and the cost for treatment. The program was referred to the Assistant Prosecutor for review.

—DPW reported that no additional money from the counties was required for road repair at the landfill. We're still awaiting DNR acceptance of the construction plans. The clay cover will be the biggest expense. Corp of Engineers assistance is still being sought.

—The financial position of the County's insurance authority has been termed excellent.

—Commissioner Joyce will participate in a Land Use Inventory TV presentation March 28th.

—Labor reported that AFSME negotiations are underway; and Sheriff Dept. non-supervisory personnel have elected to affiliate with the Fraternal Order of Police. It is hoped that contracts will be ready for ratification soon.

—A special use permit is being considered by the Zoning Commission.

DISCUSSION ITEMS INCLUDED:

—A Senate Bill regarding full-time prosecutors. Mattis contacted Senators Binsfeld and Irwin to state opposition.

—A request for an Artrain contribution. No monies are budgeted for community promotion; and a legal opinion will be obtained to see if such appropriations are proper.

—The vehicle purchase line item in the Sheriff's budget. The 1983 budget allowed \$23,500.00 for vehicles; and the figure was only backed into the 1982 budget by the audit. Since 1984 funding was intended to be set at 1983 levels; and since the \$23,500.00 was meant for the 1983 budget; that amount for vehicles should have been carried forth to 1984, and be an allowable expense.

—The County's responsibilities and liabilities relative to the library. The Prosecutor's Office will be asked for an opinion.

—The procedure for cancelling scheduled committee meetings. Notification of cancellation is presumed to be the responsibility of the committee chairperson.

Meeting adjourned at 5:35 p.m.

Full text of official minutes is available in the Office of the Crawford County Clerk.

**300 KNOTS AIRSPEED** — The Piper Aerostar aircraft pictured above, owned by Jack Buss Automation, Inc., flew into the Grayling McNamara Airport on March 13. Personnel from Jack Buss Automation, a North Carolina firm, visited Grayling for a scheduled business conference with A.J.D. Forest Products management staff.

The aircraft itself, the fastest production piston engine powered aircraft in its class, is a good example of the increasing degree of sophistication in business aircraft utilizing the Grayling McNamara Airport facilities. Aircraft such as this one, with airspeeds approaching 300 knots, make single day business visits to Grayling a realistic consideration for companies located as far as 1,200 miles away. A trip to St. Petersburg, Florida, takes only four hours with the sleek Piper Aerostar.

### City of Grayling Annual Spring Cleanup Program

For the past several years the City has maintained a program involving spring cleanup. Again this year the City Police Department has started preparation for surveying the Grayling residential and business areas for unregistered or junk vehicles, accumulated debris and unsafe structures.

Every year, it has been noted, the efforts of the program have become easier, largely due to the Public awareness and responses to request notices mailed to residents or businesses.

The City would like to express appreciation to our area Citizens for these past efforts. In continuing support of City Ordinances 72-3 and Ordinance No. 22 the survey is scheduled to be completed by the end of April. Notices will be mailed to addresses having material accumulation appearing in violation of these ordinances. Anyone wishing information as to methods for disposing of junk or old vehicles, may contact the Grayling City Office (348-2131). With Citizen Cooperation again in this years "Clean Up" the community will be neat and attractive well in advance of "Michigan Week".

Thank you,  
Peter W. Stephan  
Chief of Police  
Grayling P.D.

— Didn't you just hate —  
going to Gail's  
funeral and visitation?

Oh, I did at first, but then  
I found it really helped.

First thoughts about funerals and visitations may be uncomfortable. Thoughts of seeing the deceased and of greeting so many people at a time when we are upset are not pleasant. But people who have been to funerals and visitations tell us that despite uncomfortable initial feelings they felt better for having attended. Viewing the body helped them accept the reality of the death—a necessary first step in healthy grieving. Receiving visitors at the funeral home and at home made them feel less alone and reminded them that others care. The funeral and visitation is an invaluable opportunity to express emotions with friends who understand.

## **Attention: Walter Leibold Trustee of Lovells Township**

The proposed 1984-1985 Lovells Township budget was prepared by Board Members other than yourself. The budget was considered under the guidelines of Michigan Public Act No. 621 of 1978. The pertinent part of that act is here reproduced for your edification.

**"Michigan Public Act No. 621 of 1978 states that "the Chief Administrative Officer of the local unit of government will assume responsibility for the preparation, presentation and control of the budget. Department heads will provide necessary information to the chief administrative officer for budget preparation. The chief administrative officer will present the recommended budget to the legislative body. The legislative body will have adequate time to review the recommended budget and may request necessary information for consideration of the budget. The legislative body will hold a public hearing prior to final approval of the budget."**

**You as a Trustee should have been aware of this act as above. It appears to me that you shot yourself in the foot. You have attempted to mislead the electorate into believing that something was being hidden in the budget because you were not privy to the preparation of said budget. I consider your blurb as it appeared in the 29 March issue of the Crawford County Avalanche, an insult to the integrity of the other members of the Lovells Township Board.**

Dear "Unproud",  
I think it is very unfair and rude of you to condemn two 'local' boys with "clean records" when you are approximately 3,860 miles away and do not know what happened.

I agree with one of your statements Mrs. Houlton, it is 1984 not 1960, how do you think the Shawono boys earned their way to working and sweating 8 hours a day, 5 days a week, for 3 years? Well, they certainly did not do it by being "Model" citizens. They are criminals. Yes, they served their time, but then time changes appearances and obviously in this case, appearances only. The boys are not forced to work, it is their choice.

At the time of the argument Mrs. Houlton they were under no apparent supervision, they were on their honor, obviously they cannot be trusted.

You also mentioned the fighting and damages that occur in local bars. Well you aren't forced to go to those places, it is your own decision. Also if you do not like the memories of this countries past don't think about them.

A little advice New Proud, criticism is a great help, if not misused, so next time become at least somewhat familiar with your argument before passing criticism.

Earlier that afternoon the Shawono boys were harassing the younger females, could it be our local boys were defending rights??

Coincidentally there are arguments that have only one side involved, if that's what you wish to call this incident. I prefer attack, just remember the old saying "you had to be there" upset but proud citizen that was there.

Dear Editor,  
Re: Little Miss Human  
To the people of Grayling, I hope the picture of the small baby girl who was murdered by her own mother had the same effect on others as it had on me. "Horror" how low morally we have stooped to rid ourselves of an unnecessary burden.

I have been in the world of animals for thirty-five years and have never seen an animal aborted in such a cruel unhuman way, puppies and kittens do at least have a sporting chance to be born, live, and have a happy home or put humanly to sleep. I know there is much cruelty in the animal world but this picture is one of us, a human being.

We do nothing to stop it. I see no marches, no crowds outside the White House, no picket lines. Most people will turn away, there is no one to help these babies, nobody to stay the hand of the killer, no one to ease the pain whilst the salt engulfs their little body in the confines of its mothers body.

Never will these babies have the fun of Christmas or look forward to a birthday party, be hugged by a loving parent.

There are many Christians who know abortion is against the will of God; there are many who do not believe in God, they must believe in the existence of pain, and fear, life, and death. The horror and pain of the death of this little girl along with the millions of other helpless babies must never be forgotten. Abortion must be avoided at all costs. It is degrading to this country and to its people.

## Bibletime Marketplace

Three local churches are in the planning stages for a vacation Bible school this summer based on life as Jesus lived. Members of St. Francis' Episcopal, St. John's Lutheran and Michelson Memorial United Methodist Churches are busy with setting up Jewish tribal units for the week of June 18th through the 22nd. The children will be in families with a Mother who will see that they are in costume each day, help with learning Bible verses, serve snack and see that her "family" gets to the special activities each day.

Many different learning activities are being planned the tribes will do. Tents are needed for each tribe to call home for the week. People having one the churches could use for that week please call Ann Morford at 348-2974 or one of the churches. Other items needed are wood scraps for the wood-working area and nails. These may be left at the Michelson Memorial United Methodist Church anytime between now and the middle of June.

The week will end with a Jewish praise service of chants and story telling from the week of living as Jesus did as a boy. This is a large adventure for the churches and the rewards to the staff and the children involved will be great. If you have anything you could share with the children about Jewish life please contact Ann Morford.

**BOOSTER CLUB BUYS CHILD CAR SEATS** — Bert Kaiser, a member of the Grayling Youth Booster Club board of directors, gives Helen Campbell, director of Crawford County Sibs for Kids, a check for \$360 to buy 12 child car seats for a program to make car seats available in Crawford County.

## Chamber Chatter

By Joyce Kolka

April is "Secretary's Month." The Grayling Holiday Inn again this year is hosting its annual Secretary's Day Luncheon on Tuesday, April 10th. Every employer should invite his or her secretary to this special event. So very often the appreciation of a secretary's work is never shown and sometimes even forgotten, so this is one little inexpensive way to say "Thank You" for all those little extra deeds and jobs well done. Bosses, pick up your phone now, dial 348-7511 extension 305 and make your reservations. It's a special experience for you both and makes for a better working relationship. Happy Secretary's Day!

This week we welcome Ray Schwiercz of Mayday Window Company into chamber membership. The Mayday Window Company is located on North Down River Road. Welcome aboard, Ray!

Now that spring has sprung, Cindy & Brian Peacock are in desperate need of help for the mushroom hunt. Dial 348-8692 if you're interested in volunteering some time and ideas.

The Grayling Youth Booster Club is holding its annual Swiss Steak Dinner at Patty's Country House on Saturday, April 7th beginning at 4:30. The entire community benefits greatly from this generous organization, that's why the entire community should attend and support it...and the steak is great!!!

After having dinner with the Youth Booster Club on April 7th, make an evening of it and attend the Las Vegas Night Party at Hanson Park Lodge. The proceeds go for the operation of the park; another plus for Crawford County. Dinner at Patty's and entertainment at the park, both priced for everyone's wallet.

Join the crowd and support your local activities.

## Putting Things In Order

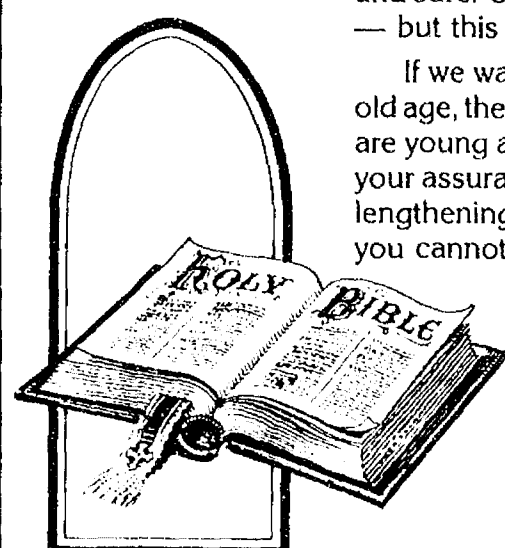

In this age of medicare, social security and homes for the aged, sometimes people forget an important part of growing old — tranquility!

Yes, tranquility and peace are just as important in growing old gracefully as is sufficient insurance or all the other means with which we show our concern for the elderly.

Have you ever noticed that old people have a knack of putting things in order? In fact, they need everything tidy, neat and sure. Certainly their greatest need is for peace and security — but this can come only when they are at peace with God!

If we want to reap the harvest of friendship with God in our old age, then we must cultivate our relation with Him — when we are young and able. Regular church attendance and worship is your assurance of peace and tranquility during your own gentle lengthening years. It will be a heaven-sent reward and one which you cannot, will not, want to miss.

## Camp AuSable To say Thanks to Grayling

Week in and week out during all seasons scores of youth from all corners of Michigan converge on Camp AuSable located just east of Grayling on East M-72. They come to enjoy the special features of Michigan's north country. Except for an occasional visit to local businesses these visitors have little opportunity to meet those who live and work in this area which is so special to them.

As an expression of appreciation to its Grayling Friends and to provide opportunity for one of the visiting youth groups to say "thanks", Camp AuSable is presenting a unique program especially for the citizens of the Grayling community.

The program, of Spring and Resurrection, focuses on the season of new life and features students from Andrews Academy, a high school in southwestern Michigan, and includes a 40 member vocal ensemble, dramatic and audio-visual presentations and a variety of vocal and instrumental music.

The presentation, to which the public is invited, will be given in the Lodge at Camp AuSable on Friday, April 5, at 7:30 p.m. There is no admission charge.

## Daniels' Den

Jerry Retzlaff from Petoskey will be the featured entertainer at Daniels' Den this Saturday. Jerry is a counselor at The Halfway Home in Petoskey and formerly played with the band Yesuah from Alpena. He plays the guitar and sings and we know you will enjoy his sharing.

Coming up in two weeks will be another Jamboree - this is where we open the stage to those that would like to share a song or testimony. If interested in participating, call 348-2232.

Daniels' Den is open every Saturday evening from 8:00 p.m. to 12:00 p.m. and is located on the corner of the I-75 Business Loop and West M-72 in The Parlor.

## Editor's Mailbox

Miss Grayling - Winter  
Sports Pageant, Grayling,  
Michigan.

Dear Friends:  
I feel we have one of the  
greatest communities  
around! Our business  
people, after being called  
upon time and time again,  
continue to lend their sup-  
port when it is needed.

I want to say a very sin-  
cere thank you for your sup-  
port on this year's Miss  
Grayling-Winter Sports  
Pageant. In giving of your  
time, expertise, services,  
and/or financial support,  
you have made this year's  
pageant one of the best ever.  
Because of you we grant  
scholarships to three of our  
young women in our com-  
munity and give Miss Gray-  
ling the opportunity to repre-  
sent us in two area pageants,  
the National Trout Pageant  
in Kalkaska and the National  
Cherry Festival in Traverse  
City. To have her ride in the  
Cherry Royale Parade,  
which is televised, lets the  
world know there's a Gray-  
ling and we are alive and  
well!

I appreciate all the people  
that put in many hours on the  
pageant and to our com-  
munity for your support.  
Because of you it is all possi-  
ble. I only hope that I convey  
how much I appreciate each  
job that has been done no  
matter how small. Again,  
thanks a million!

Sincerely,  
Norma J. Naour,  
Pageant Director
